Passenger Ground Services with Amadeus Altéa DCS eLearning Course

Assured work in all Airports with intake Conditions*

Learn what it takes to work at one of the airline industry's most visible airport positions and obtain the skills you need to provide assistance and related passenger services at the check-in, gate and concourse of your airport.

The course is designed to complement the training requirements outlined in the IATA Airport Handling Manual (AHM), the IATA Safety Audit for Ground Operations (ISAGO) and the IATA Passenger Services Conference Resolutions Manual (PSCRM).

AMADEUS

Included with this course: Amadeus Altéa Departure Control - Customer Management (Altéa DC-CM) e-Learning.

Upon completion of the Passenger Ground Services course you will be granted free access to an e-Learning course on the Departure Control System (DCS), Amadeus Altéa. This e-Learning includes lessons on the acceptance of passengers and baggage, seating, boarding and handling disruptions. It can be completed at your convenience and leads to an electronic certificate of completion.

What you will learn

- Understand how airlines and airports operate in relation to the provision of passenger services
- Learn about passenger and baggage check-in & boarding procedures, including passengers with special needs
- Interpret the respective regulatory requirements related to passenger and baggage transport
- Understand how computer reservations and departure control systems operate
- Ensure safe and secure passenger & baggage transport
- Provide superior customer service in a demanding customer facing environment
- Learn about the latest technological innovations in passenger services
- Add value to existing and future employers looking to hire and retain knowledgeable and high performing personnel

Key topics

Passenger Ground Services course content:

- Introduction to airport & airline operations
- Computer Reservations (CRS) and Departure Control Systems (DCS) functions

- Passenger & Baggage check-in procedures (airport & off-site)
- Conditions of passenger & baggage carriage, boarding procedures and flight close-out messaging
- Dangerous Goods regulations awareness for passenger service agents
- Managing passenger interactions
- Aviation security procedures for passenger & baggage transport
- Enhanced passenger facilitation, latest innovations and career opportunities
